

## WILL & TALIA

Hi! We are Will and Talia from New Jersey. We are high school sweethearts and were married in 2008. We are excited to become parents again through adoption and are grateful for this opportunity to share our lives with you through our pictures. Our child will always know their adoption story and the wonderful way we became a family. We promise that should you decide on adoption with us, your child would be loved by a family filled with laughter and unconditional love. We admire your strength as you consider adoption and wish you peace.

## Will by Talia

Will is my husband, the love of my life and my best friend. He is fun, hardworking, loyal, intelligent and a supportive man. Will is responsible, giving and always willing to help family and friends. Will loves spending time with Melanie. They enjoy playing basketball and tag. He also enjoys spending time with his nephews. They look up to him and have so much fun when he's around. Will is a wonderful mentor and role model to the youth. He teaches Bible Study to the children at the local church. He is also very handy and always working on a new project in the house such as remodeling our bathroom and basement. Will also enjoys reading, bike riding, fishing, mowing the lawn and working out.

Will has a very strong bond with his family and believes that it is important to take care of them as they did for him. He is always there for each one of them whether it be to talk or to help with something.

Will is a Civil Engineer and vice-president of a contracting company, one of the hardest working individuals I know. I truly admire his dedication and devotion to his job. He takes pride in what he does and believes it is important to provide a stable home for us.

Will is very excited to extend our family through adoption.

## TALIA BY WILL

Talia my wife, is the love of my life. She is loving, nurturing, patient and generous. No one truly understands the depths of my person as she does. I believe I am a better man because she is by my side and I cherish her.

She loves spending time with Melanie. They especially enjoy gardening together. She also has a special bond with her nephews and nieces. They call her "Titi Talia" their favorite auntie and have a blast when she's around. Talia has a very close nit family and spending time together is very important to her. They are always there for one another. She loves to craft, is an amazing cook and a beautiful dancer! She also enjoys music and reading.

Talia is a stay at home mom. She truly enjoys the opportunity to be able to be there for Melanie and her activities.

Talia is ecstatic to extend our family through adoption. When that day comes she will be filled with so much joy.

# OUR FAMILY

Will grew up in New York and has 4 sisters and 8 nieces and nephews! His mother is retired and his father runs a Hardware business. His youngest sister lives just two blocks away with her husband and two young sons.

Talia is the middle child of three girls and was also raised in New York. Her parents are both retired and spend most of their time with their 6 grandchildren.

We both grew up in a close-knit family and enjoy spending time together. We mostly all live in the same community which is great because we get to share family dinners, celebrate birthdays and enjoy holidays together. We have great families as loving support systems and we are all excited to welcome a new family member.
