From Our Hearts to Yours

We're so grateful you've taken the time to read our book. We've tried to give a snapshot of all the love in our family, and hope you can see that through the following pages.

We wanted you to know how much we admire your bravery and courage through this journey. We have so much love to give, and hope you can be a part of that, but above all, we will always honor your decision.

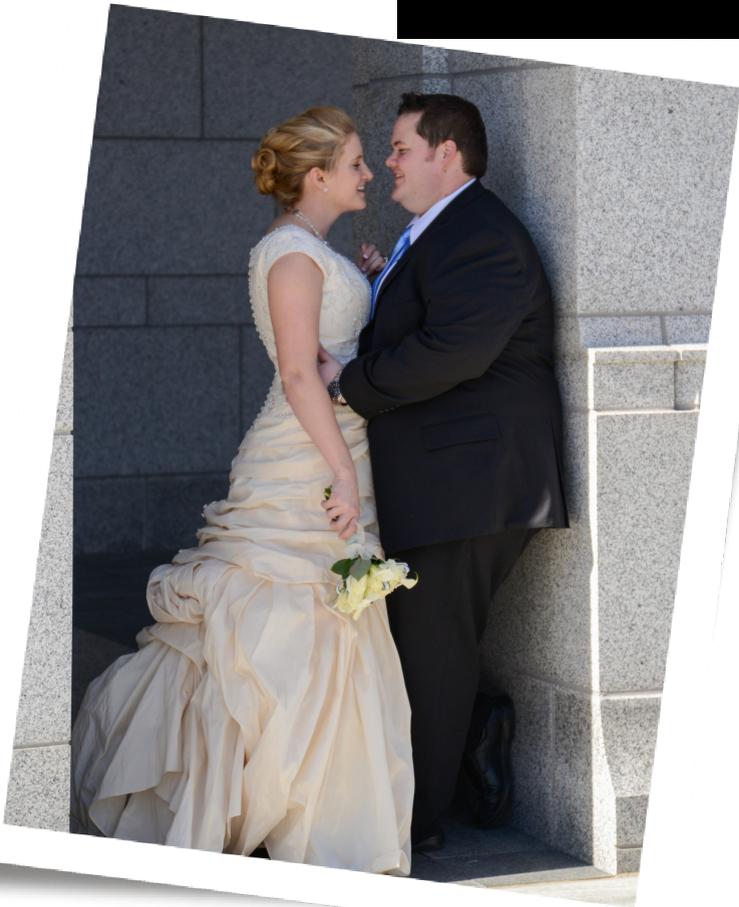

Thank you!

The Story of Us

Even though we are both from out west we met in Virginia, after all, Virginia is for lovers! After a whirlwind romance we moved back to Utah to be closer to our families and hopefully get started on one of our own.

We bought our first house in 2016 and adopted our sweet fur baby Roosevelt. Even after almost 10 years of marriage, infertility, and a pandemic we are still each other's best friends.

Why Adoption?

We always knew that we wanted to have children. We both come from close families with 6 kids, and loved the atmosphere of a big family. Our greatest desire is to provide a home and a family for children who need love no matter how they come to us. Our journey towards creating a family hasn't been an easy road, as we ran into infertility. Through this hardship we learned a lot about ourselves and each other, but ultimately it has brought us closer together.

Though the journey was hard, we've arrived at adoption with open hearts full of JOY. We're looking forward to seeing our dreams realized.

As a birth parent, we want you to know that we fully believe love multiplies, not divides, and you would always be welcome in our family and spoken of with the highest regard.

Meet Suzie

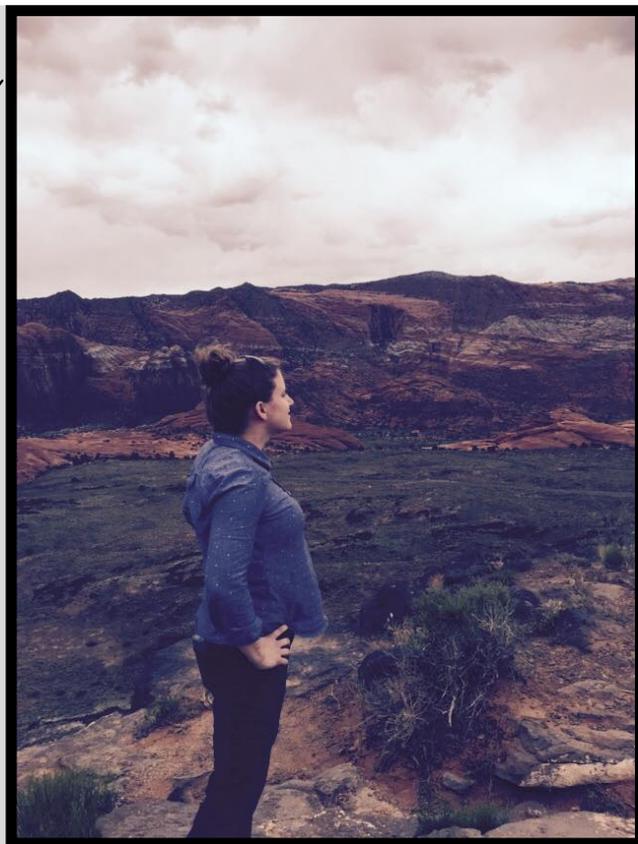

Age: 33 Occupation: Health Educator
Fun Fact: Suzie's Hogwarts House is Hufflepuff

Suzie is someone who always leaves her mark. She has a one of kind personality, and is always up for a fun adventure. Those she interacts with at work, at church, and within her family always have a smile on their face after they get a hug from her (which is customary when you run into Suzie). She's a hard worker, and is always up for a good book, and spending time with her family.

What Cameron loves about Suzie

To know Suzie is to know that she is loyal, kind, and concerned for others around her. Her ability to always think of others and extend a hand of friendship and love to them is something that I admire and love most. Her selflessness and love are what I know will make her an absolutely stunning mother.

Loyal, Hard Working and Compassionate

There's no place like home.

Our home is in a quiet neighborhood in a suburb of Salt Lake City. We have a nice park kitty corner from our house with a playground and lots of room for Roosevelt to play in.

We love our neighbors and being within driving distance of both of our families.

We love decorating our home for every holiday and season and can't wait to have a little one to share our celebrations and family traditions with.

Christmas is one of our favorite times of year. We go all out on decorations and even have a stocking hung for Roosevelt. Christmas morning is pure magic and while we love sharing that time with our nephews and nieces we can't wait to have those special memories with our own little family

We love to go on trips with our families. We have so much fun seeing new sights and having new experiences. We can't wait to have a child to share and experience all the wonderful things this Earth has to offer.

As much as we love to go different places and try new things, at the end of the day our favorite place to be is together at home.
