

Ashley & Jordan

Dear Birth Mother,

As the parents of two beautiful happy children, we are thrilled at the thought of expanding our family again. Our home is one full of laughter, warmth, and love – and a lot of dance parties! We are ready to give your baby lots of adventures, a strong education, and all the love and support for a happy and successful life!

We would love to learn about your desires for your baby, and would look forward to an open adoption with letters, photos, and visits at your comfort level.

About Us

We met while we were both living in North Carolina, and eleven years later our journey has brought us to Georgia. We are both college graduates — Ashley is a senior manager for a major healthcare company, while Jordan works in sales for a sports lighting designer.

We enjoy spending weekends around our neighborhood, frequently grilling in our backyard, playing at the pool and hiking on local trails. We also love an occasional trip — whether it's visiting friends and family, or exploring somewhere new -- and we look forward to safely continuing our adventurous ways soon!

These are a
Few of Our

Favorite Things

My Husband Jordan

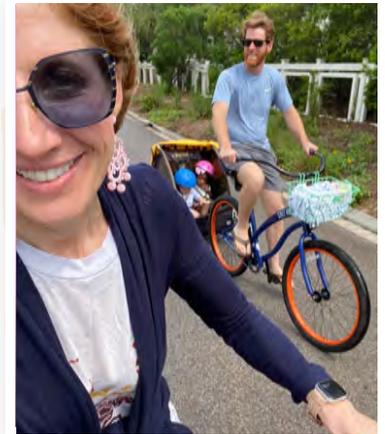

Family man, doting husband, sports enthusiast — these are just some words that describe my husband. Jordan is not only the most loyal and devoted man I know, but also the most fun — he makes me burst into laughter in the most unlikely of moments! Jordan is one of the lucky few who has a job that he loves — selling sports stadium lighting. We are lucky that he works from home and is able to spend extra time with the family!

Jordan is a “hands-on” dad — he makes the children a hot breakfast every morning, and is our children’s go-to for story-telling and races through the yard. He is the best partner, and I am so luckily to have him as my co-parent.

My Wife Ashley

Ashley is the most loving, thoughtful, and caring person I have ever known -- and is the most nurturing mother! We all adore the life she creates daily for our family. She is a fabulous cook, has created a beautiful home for us, but most of all I love her independent spirit.

Ashley makes me laugh without trying — with her natural quirks and wit — and her visionary spirit consistently challenges me to be thinking ahead. Ash never forgets anyone's birthday or anniversary, and she mails more letters and cards than anyone I know in this age of social media.

Our Family

We have two beautiful children, Jane (born March 2018) and Henry (born March 2020) – both born in Pennsylvania. We were with Jane hours after she was born, and her birthmother is one of the most special people in our life. Jane is smart, funny, athletic, and the best big sister. Henry is lovingly called “Hank the Tank” as he is our big boy, who is always happy and loves playing ball and cuddling.

We alternate holidays with both of our families, which are full of laughter and traditions. Ashley has four brothers and Jordan has two sisters – so our big families offer a lot of playmates! Jane and Henry always find a way to steal the show!

Our Home

Our neighborhood is a tight knit community, filled with children playing and laughing. We live on a cul-de-sac, which is perfect for scooter races with the neighbors and practicing our bike riding. We have a home that we love, with five bedrooms and a playroom that we spend lots of time in!

Our dog, Oliver, is the sweetest. He loves cuddling with Jane and Henry.

Our Promise

We promise that your child will be loved unconditionally. Your child will be raised with a strong education, pride in who they are, and encouraged to explore their talents and passions at every opportunity. Your child will grow up in an active community, and a loving family. Your child will always know their adoption story and how much you love them. We are open to letters, pictures, and visits, and we would like to do what feels most comfortable for you.
