

# ANGELA & MIKE

OUR ADOPTION PROFILE

# hello

Thank you for taking the time to learn about our family. **We want you to know how much we admire your courage and generosity as you consider what is best for your baby.**

Regardless of whether we are selected we want to thank you for considering us as adoptive parents.

This is undoubtedly one of the most difficult decisions you will ever make and we respect you for it. **We want you to be assured that if you choose our family for your child, they will be welcomed into a loving home.**

What we can promise you is that, if you choose us, your child will be supported, encouraged and loved unconditionally! Your child will be raised in a home that is not only safe and secure, but also joyful and fun.

We are so grateful for you taking time to read our profile. It is our hope that the following pages will give you some insight into who we are and what a life with us might look like for a child. We hope to meet you soon.

With Love,

*Ang & Mike*

We met in 2015 when Angela's sister Maria and Mike's friend Mauricio "strategically" convinced them to venture out to a group gathering.

We immediately became friends and it grew into a spark we couldn't ignore. We were married in 2016, and have been through so much together over the past 7 years - job changes, dream house renovations, traveling, loss, welcoming new nieces and nephews and a daughter.

Through all this, as a couple, we have just gotten stronger. We live in New York, close to our extended families, and can always be found having weekly meals together or sharing jokes in group texts.

We cherish our family fun days, traveling, having living room dance parties and spending as much quality time with family as possible.

We are a couple that loves new adventures and the simple life with lazy days at home. We are very thrilled to grow our family!

*Our Love Story*

# Meet Angela...

Angela is a beautiful, fun and compassionate person. She encourages people to follow their dreams.

Angela is the most loving and caring person I have ever met. She is an amazing mother and partner. She will go the extra mile to make sure you feel loved and supported.

She is a strong woman, who can overcome any obstacle. She is an extremely intelligent and driven person, and when she puts her mind to something, she will find a way to achieve her goal.

While she is always working on improving herself, she is also a down to earth, fun-loving, goofy, and charming person to be around. Angela laughs at her own jokes before she finishes them. She loves to listen to books, travel, and spend quality time with family.
