

Kim & Bo

God Bless You!

Thank you for taking the time to learn more about our family!

We are a loving Christian household eager to expand our family through the beautiful miracle of adoption! We have so much love to give and each of us are excited to have another member of our family to love!

As parents, we appreciate the importance of a sound spiritual and educational foundation for our family. We are active members of our Church and have truly been blessed by the love and support of our extended Church family. We are also very hands-on with our kids' academics, understanding that each child is different and unique with their own way of learning. We are always looking for new and exciting ways for them to learn about the world and their surroundings.

But all work and no play is not our way! We love trying new things and going to new places! We are committed to annual family trips to explore new places and make lasting memories.

We have some family traditions that we can't wait to share and expand upon! We love to go to amusement parks in the summer, apple picking in the fall and wear matching pajamas for Christmas! Every night we eat dinner together as a family and provide highlights of our days. The kids love sharing and we love listening!

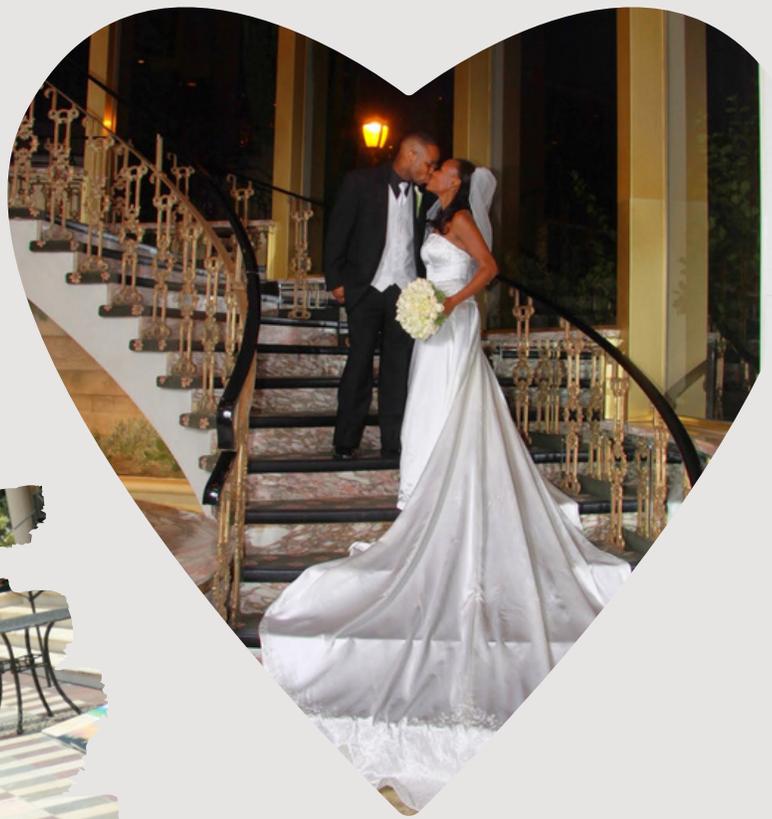

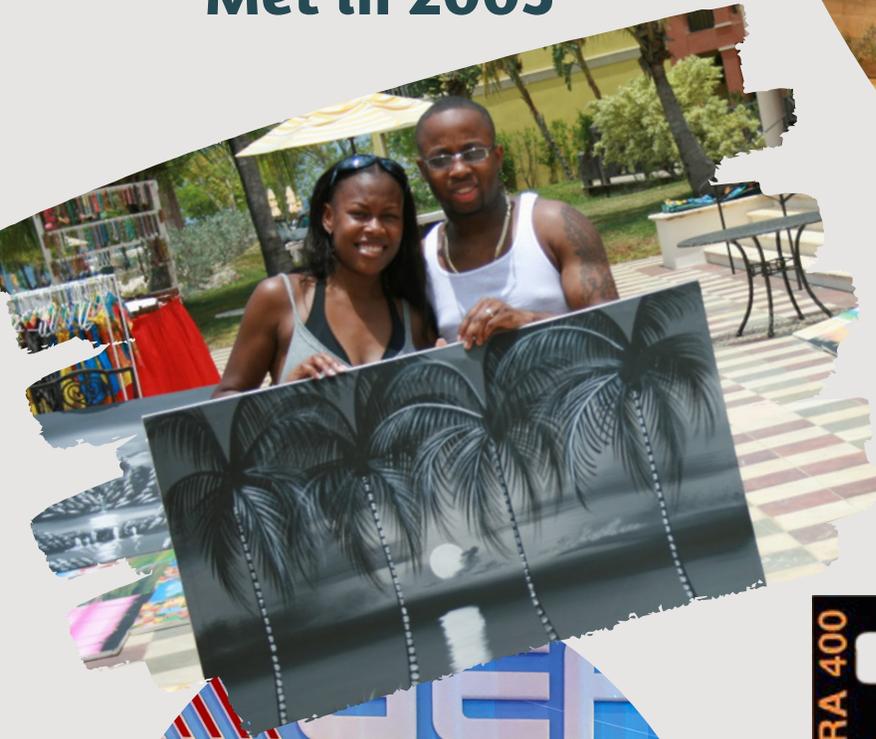

If you have any questions about us, please feel free to reach out to us at: (516) 399-0159 or kimandboadopt@gmail.com.

With love from,

Kimberly and Bo

Our Story

Met in 2003

Married in 2009

Meet Kimberly

I wear many hats as wife, mother, daughter, sister, friend, Deaconess, youth leader and attorney. Although I am many things to many people, my family comes first! I love being a wife and I adore being a mom!

Growing up, my parents provided the most amazing example of hard-work and dedication with an emphasis on the importance of education. They showed and expressed their love to me and my siblings openly and often and that has directly impacted the way I care for our kids. Not a day goes by that I don't tell them and show them how much I love them!

I've been an attorney for almost 15 years and I currently work for a firm that provides me with tons of flexibility to ensure that I can maintain a healthy work-life balance. I am able to chaperone school trips, attend all parent-teacher conferences, dance recitals and swimming lessons while also being available for mid-day pickups in case of emergencies.

I love spending time with family and friends and travelling. We've been to some great places such as Jamaica, Bahamas, Bermuda, St. Maarten, Puerto Rico, Mexico and Italy, but there are so many places we have yet to explore!

In everything I do, I place God at the center, and the decision to adopt was no different. I truly believe that God is calling our family to the blessing of adoption and we are so excited to answer the call!

Bo said

Words can not describe how great a person Kim is. Since I met her nearly 20 years ago, she has never failed to amaze me. She has such a warm and caring spirit and a drive like not other. I thank God that He has blessed me with her and our children are super blessed to call her mom. She goes above and beyond for those she loves and she puts her all in everything that she does. She is truly a super-woman and she still has more capacity to love.

Meet Bo

I am a God-fearing man who lives by faith, loves my wife, children and family very dearly and enjoys being a blessing unto others. I grew up in a family of 7, with a loving mother and father and 4 siblings. I learned and gained so much from my siblings and knew from a young age that I wanted a large family.

I have a love for children and it started early in my life. I've worked with children in my church for many years, which combines two things that I love... children and faith. I like the ability to provide a solid foundation for children. I enjoy traveling, playing chess and other board games, basketball, football, baseball, exercising, learning new things, teaching, swimming and grilling.

I have an MBA degree in Marketing Management with a focus on entrepreneurial management, as I have a desire to start a business in the future. I'm currently in the Supply Chain management field, working for a global electronics company, which I enjoy. I am also a Youth Pastor at my childhood church and it is a blessing and an honor to be called to serve in this capacity.

I couldn't imagine doing life with anyone else! Bo is the most amazing partner who truly seeks nothing but the best for our family! He works hard, loves hard and prays hard for us. He is a real hands on Dad who will get the kids ready for school, take them to their extra-curricular activities and cheer them on in everything they do! He is also the first one to roll up his sleeves to help them with school projects and teaching them things like how to swim or divide fractions!

Meet Our Kids

BRIANNA, AGE 11

Our oldest child is dedicated, focused and mature beyond her years! She is involved in lots of extracurricular activities including debate team, book club, competition dance team and gymnastics. She loves reading, writing and crocheting. She is an amazing big sister that loves to teach her younger siblings any and everything!

ELIJAH, AGE 8

Elijah is inquisitive and kind. He always wants to know "why" and "how." He loves all things Pokémon, Roblox and Sonic the Hedgehog. He also loves playing games and is protective of his sisters! He is super excited to add a new member to the family and is praying for a baby brother to even out the boy/girl ratio!

NAOMI, AGE 5

Our resident comedian, Naomi is the life of every party! She is compassionate beyond her tender age and always wants to make sure that everyone is happy and comfortable. She loves giving hugs and kisses and is so excited to give tons of hugs and kisses to her baby sibling!

Why are we adopting?

We are adopting because we love children, we love giving, we love serving and we truly believe that God has called us to adopt. Before meeting each other, we individually thought about adoption. We believe that God brought us together to grow our family in this way! We both come from relatively large families and we know the joy of being part of a large family.

We've discussed the idea of expanding our family through adoption with our children and they are super excited about having another sibling!

We also realize that everything in life is about timing, and this is the perfect time for us to expand our family. We both primarily work from home and are fortunate to have the time and resources to devote to our kids.

One Final Vote

We are a family of faith, love and commitment. It is our faith that brought us on this journey. It is our love for children that keeps us motivated. It is our commitment to the process that has connected us to you! If you have any questions, please contact us!
