

Elizabeth + Terrence

First, we would like to thank you for taking the time to read our profile. We have no idea what you are going through, but we can imagine this is a very overwhelming and emotional time. We admire the courage it takes to consider all of your options and explore what that could mean if you were to proceed with adoption.

If you decide to pursue an adoption plan with us, we would be so honored to step into this space with you. Our daughter came to us through adoption, and the relationship we have with her first mama is beautiful. We believe children benefit greatly from a loving home and supportive individuals in their life, and we would do everything in our power to provide that for them! We have a huge network of family and friends who provide great support to us and are excited for us to grow our family once again.

We want you to be comfortable and at peace with whatever decision you choose! From the bottom of our hearts, we again thank you!

This is us...

Elizabeth's friends describe her as easy going, funny, creative and caring. She is genuine and always wants to help others! She is a natural at motherhood and really enjoys it. She loves to be involved in Rebecca's life from planning birthday parties, watching soccer practice, or volunteering to help with her preschool class. Elizabeth greatly enjoys interactive play with Rebecca. You can often find her pushing Rebecca around the neighborhood on her little trike, playing ball in the yard or splashing in the wading pool. Elizabeth's heart is wide open and longs to mother another child. She knows that Rebecca is a precious blessing and will feel the same way about another baby.

Terrance is such great husband and father. He loves music and this has been a passion of his since he was a child. He intentionally takes time to expose Rebecca to music. Recently, I walked in on the two of them playing baby shark on the key board. Terrance played while Rebecca sang and danced with a grin from ear to ear. I know he's excited to share this with another child as well. Terrance enjoys family time, no matter the activity we have planned. You will often find him checking in on Rebecca multiple times at night because he wants to make sure her covers didn't fall off and that she's ok. I know his heart will only grow with another child in our house and he will provide them with everything possible to succeed in life and feel loved.

We are an interracial couple and our families have been completely supportive of our relationship and marriage from day one.

Meet Rebecca

Rebecca is truly a sweetheart. She was so tiny at birth, and from the start, she had a smile on her face! She has this precious soul and you can see she just wants to please everyone around her. She is growing into a funny and charming little girl. Of course, she has her moments as we all do, but she recovers quickly and will be smiling again in no time. She is a joy to be around and has her little finger wrapped around so many hearts, her network of people who love her grows with each little hello.

Our Happy Place

We purchased our home in 2017. We found a beautiful house in a great school district that has a big fenced in backyard. When you drive up to our home, you will often find neighborhood kids out playing and enjoying the outdoors. We bought this house knowing that we wanted our family to grow someday and we have the space to do just that.

We have two medium sized dogs named Dobbie and Ginger! Dobbie is a Dachshund and is 6 years old. Ginger is a Fox Terrier and is 15 years old. They both love to play, cuddle and be with the family. They like to go on walks and currently Dobbie and Rebecca have mastered the art of fetch.

Our Support System

Our families are so in love with Rebecca, they welcomed her with open arms from the first day we brought her home! We know they will do the same when our family grows again.

Between grandparents, aunts and uncles, cousins, and too many friends to list, Rebecca and any future children will always have someone eager to read to them, play at the park, go for walks through the neighborhood, take trips to the museum, bake cookies, and build sandcastles with.

Our Promise

We hope that you were able to get a glimpse into our lives and the love our family shares. We understand the sacrificial love it takes to consider all the options for you and your baby, and we don't take that lightly!

We have built a home that is full of love, respect, support and most of all, laughter and we promise these things will remain to be very important with any future children in our home! We promise that if you pursue an adoption plan with us, we will speak of you often and share the amazing love you have for your child.

We hope you know how loved you are and that we see you! You are an incredible mom who has a heart to give her baby the best, no matter what you choose in the end.

Love, Elizabeth and Terrence
