A LITTLE ABOUT US

Alia, Percy, Amani

Percy: I grew up in St. Louis, Missouri and moved to Atlanta in 2000. I'm my mother's only child and we have a very close relationship. When I decided to move to Atlanta, I convinced her to come as well so we could live in the same area. I have two amazing daughters, Alia (13) and Amani (11) from a previous marriage. I'm so proud of the young women they are. Fatherhood is my greatest accomplishment and I take pride in being a true provider for my family. I act as a mentor to many young adults in the electrical trade and I also coach my 5 year old Godson's football team. I'm a veteran of the US Navy and that is where I began my electrical career. I'm now a Master Electrician and own a successful Electrical Contracting Company.

Dayna's Description of Percy

Percy is loving, sincere, protective, loyal, and respectful. He has a huge heart and is a great husband, but an even better father. He takes fatherhood seriously and puts his all into leaving a legacy for his children. He volunteers in the community, mentors the youth and provides free electrical services to many elderly residents in our neighborhood. I couldn't have asked for a husband, friend and life partner.

Dayna: I grew up in Mobile, AL and have lived in Atlanta for over 20 years. I'm really close to my family, we all live in Atlanta. My parents have been married for almost 40 years and I have two younger sisters. I'm also the aunt to a very active and rambunctious two year old nephew. Family has always been very important to me, I look forward to being called mom. Our family meets every Sunday for dinner, we make family time a priority. I graduated from Auburn University in 2000 and currently work as a full-time government contractor along with being a part-time associate real estate broker.

Percy's Description of Dayna

Dayna is the sweetest person I know. She is genuine, patient and has taught me a lot. She is also caring, witty, funny and loves to make people laugh. She is my best friend and I highly respect her. She's everything I prayed for in a wife and she treats my daughters like they are her own.

Dayna & Madison

ABOUT US

Our love story is unconventional and took a couple of years to develop. We initially met in 2008 when Percy's electrical company repaired an electrical issue at Dayna's home. There was no interest from either party, it was strictly business. In 2011, we ran into each other again at a grocery store and a spark was lit. We became a couple soon after, engaged in 2013 and married in 2015. We own a house in the Reynoldstown neighborhood of Atlanta and we both are very active in our community. It is a very diverse neighborhood located on the Beltline and within walking distance to parks and shopping. We have a six year old Chorkie (chihuahua and yorkie mix) named Madison, she weighs 5 pounds and loves to cuddle in the bed. We love to travel, we prefer tropical beaches to snow and mountains. We often travel to Destin, FL on weekend beach getaways. Destin holds a special place in our hearts, we were engaged there and our family host Thanksgiving there every year. We are excited to bring our child on our beach getaways and create new family memories and traditions that will last a lifetime.

FAMILY IS DEFINED BY LOVE

Our family and friends are excited for us to become parents through adoption. We both come from large families with lots of kids and have fun family gatherings on most holidays. We look forward to filling our home with love and laughter and having our family and friends be part of our adventure.

We will cheer them on every step of the way, whether they choose to be an artist, a scientist, a dancer, or a soccer player. We will be right there, LOUD and PROUD!

We know that the decision to choose adoption is a difficult one, and we have so much respect for you for considering this path for your child. We hope you are filled with peace and confidence as you make this decision for your baby.
