
RYAN & SARA

Hi there!

We are Sara and Ryan. We have been married for three years and we cannot wait to grow our family! Right now our family consists of the two of us, our daughter Kamryn, from Ryan's previous marriage, and our two dogs, Max and Penny.

Kamryn is with us every other weekend. She is in 7th grade and she cannot wait to be a big sister! She regularly talks about the things she would like to do with a younger brother or sister, like reading stories together and teaching them to swim when they are older.

Adoption felt like the right fit for us from the start. Sara has a cousin that was adopted when he was 4. Also, Sara's best friend has two young children who are adopted, and we have a family friend that has four children through the foster-to-adopt process.

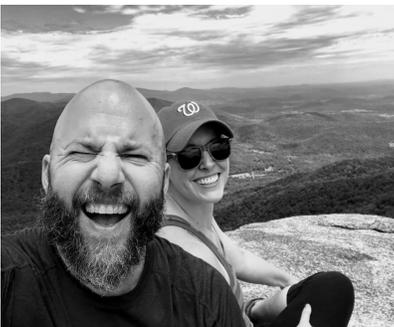

We want you to know, above all else, that we are READY— ready to give this precious baby the best possible life filled with so much love and opportunity. Ready with a beautiful nursery to give baby a safe, cozy, peaceful place to sleep and play. And ready with a family that cannot wait to welcome your baby and celebrate him or her now, and as he/she grows up - this includes a very special big sister that is ready to adore baby and spoil them with love.

Finally, we are ready to answer your questions and learn more about your vision for your baby's future.

Thank you for considering us. Sending you light, love, and blessings as you make your decision.

We can't wait to hear from you!

Ryan & Sara

Our Home—Northern Virginia

Our home is in the DC suburbs of Northern Virginia.

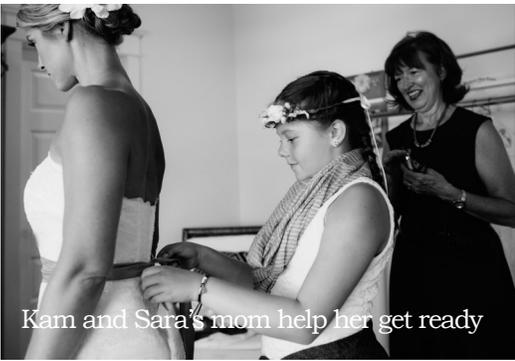

We live close to several parks, schools and a 45-mile trail which runs through Northern Virginia's urban heartland to the Virginia countryside.

We enjoy getting out to enjoy our community, particularly as we take walks around our neighborhood with the dogs.

Sara's Family

Sara's family loves to spend time outdoors. Cycling is a hobby for the entire family, as is hiking. Sara's parents, Richard and Katee, currently live in Missouri, but are moving back to Virginia in 2020. They want to be closer to family and know their new grandchild. Ben, Sara's brother, lives about 1 hour away in Loudon County.

Ryan, Sara, and Ben go to the Washington Nationals' Opening Day each spring. This tradition is something we would introduce to our children as well, along with our love of baseball.

Ryan's Family

Most of Ryan's family lives in the Richmond, VA area. This includes Joanie (mom), Stephen (youngest brother), Brandon (middle brother) and his family— PJ (Brandon's wife) and their two boys, Hudson, 4 and Hendrix, 1.

Kamryn, Ryan's 13 year old daughter, lives in Northern VA, too, and visits every other weekend. His dad and stepmom live about an hour and a half away in Woodstock.

We are thrilled to have so many family members nearby so they can be involved as our family grows. Kamryn is dying to be a big sister!

RYAN & SARA

Hi, I'm Kamryn!

I'm writing this letter to tell you about me! My name is Kamryn, I'm 13, and would like a new addition to my life (or two). At school I'm in the advanced academics program and advanced math, so your baby/babies will be in good hands with me. After school I dance with a dance studio near my house. I enjoy climbing trees, dancing, reading, tumbling, crafting, and writing. I live with my Mom, but every other weekend I visit my Dad. In our basement my Dad and I are making a craft space for me and a workshop for him.

In school I work with an autistic 1st grader. He speaks Russian most of the time so I'm trying to learn a little. When I'm with him we work on communication and social skills.

I have two little cousins, so I have experience with little ones. I love Harry Potter and my Dad does, too. I am very open to anyone and everyone and I am patient. In my free time I craft and play outside with my friends, we play capture the flag, we climb trees, and build forts out of sticks in a park near our house.

I have always wanted a sibling so I think I would be a good big sister. I think that I would be able to teach he/she many different lessons and skills.

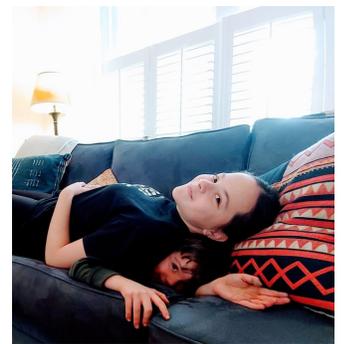

Whenever I'm at my dad's house we always have a good time. Our house is super cozy and it's always fun to be there. We take our two dogs (Max and Penny) on walks two to three times a day, so we're always active. We live super close to a lot of family so we see them all the time.

My dad is super welcoming and loving, he is always finding new things to try and is constantly putting others before himself. He's super funny and gets along with almost everyone. Sara is always thinking of ways to make someone she loves happy, and is always making little ones (like my cousins) laugh. I think she would be a great Mom along with my dad and any child would be lucky to have them as parents. So please consider my letter and I hope my Dad, stepmom, and I hear more from you.

Our Pups

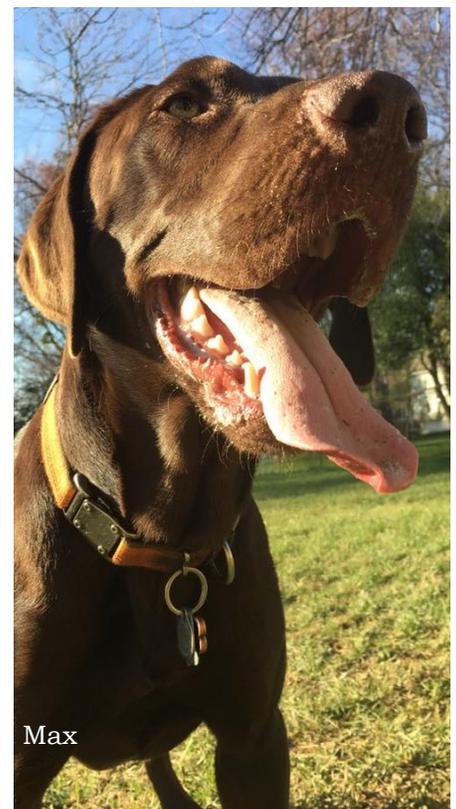

Max is a chocolate lab and a total goofball. He is always the happiest guy in the room and up for anything, especially if it includes chasing a ball.

Penny is a rescue dog and Max's best friend. She is quite the snuggler and has been known to sneak kisses when our nephews are visiting—they are just the right height for her to kiss and run. The only thing she loves more than a snuggle is a nap in the sun.

Both dogs are great with kids and can't wait to have more people to kiss and follow around the house!

Our Adventures

We love to travel and try new things! Some of our favorite things to do include going to baseball games (Washington Nationals and the Fredericksburg Nationals, DC's minor league team), soccer games (DC United, DC's professional team), hiking, trying new restaurants, going to the museums (downtown DC), the National Zoo or sometimes hopping in the car and going on an adventure. We love food festivals where we get to experience new foods. We also have a long list of places we want to visit, and we look forward to exploring with a big family to show our children just how beautiful and fun traveling and exploring can be!

Redskins game

Skiing in PA

Mt Hood, OR

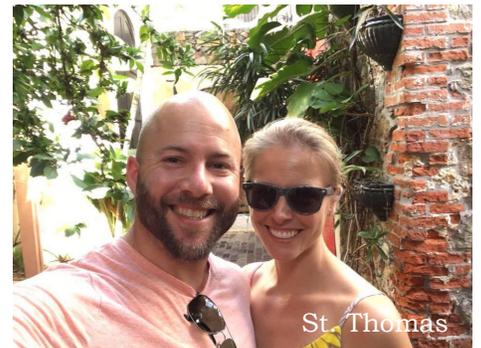

Hiking in Utah

Hiking in MD

At the beach with friends!

Running!

Running is a big part of who we are and what we do. We are both marathon runners and running coaches. Ryan has volunteered as a coach for at-risk middle school kids as part of the Higher Achievement program. Sara has volunteered as a coach for the United Nations Foundation Team Girl Up. We also travel with friends on running vacations to run in races around the United States as a way of exploring the country in an up close way.
