

Katharine and Brian

Dear Potential Birth Parents...

We are Katharine and Brian. We truly are each other's best friends and live life happily together. We met at a mutual friend's wedding 10 years ago. It has been years of wonderful experiences, love and teamwork. We got engaged in the south of France and were married 7 years ago surrounded by our closest family and friends. We share so many of the same beliefs, passions and dreams and look forward to raising our family on these values.

It was our greatest wish to start a family to share in our love and the wonderful life that we have built together. Our wish came true two years ago when we adopted our daughter, Helena. She brings us pure joy and we consider ourselves the luckiest parents in the world. We wish for nothing more than for Helena to have a sibling and make our family complete. We are so excited to embark on another adoption journey.
