

Dear Potential Birth Parents,

We are Robin and James. We have been friends for over 25 years. Our friendship turned into a love for one another 10 years ago. We developed such a strong relationship because we were such close friends for such a long time. We do believe that timing is everything.

Life has many wonderful moments but is also filled with unexpected challenges and difficulties that we navigate through together. James has two children from a previous relationship and they have grown up right before my eyes. We love spending time together and being able to give them a sibling is so special and important to our family.

We have always wished to have children together and while we cannot have a child naturally, this challenge has not diminished our desire to start a family. We have so much love to give and want to make our world complete by bringing another child into our hearts and the wonderful life we have created.

Robin...

My wife, Robin, is kind, loving, and the most caring person I know. Putting others' needs above her own is what I admire most about her. She is an incredible woman and everyone's friend. Robin works as an administrative assistant at the local public school. She loves her job but looks forward to spending time at home with her family.

Robin loves spending time outdoors. Whether it be boating or taking beach vacations, she is happiest when she is out and about. She takes time out to plan trips with her family and friends. She is athletic and loves to do yoga. She loves to cook and share her recipes with the family.

Robin is an exceptional person, she is the love of my life. She looks forward to spending time with Gabriella and James. Robin's thoughtfulness, patience, and warmth are going to make her an amazing mother. I cannot wait for this next phase in our lives.

James...

My husband, James, is a wonderful man. I have always known him to be a dedicated, hard worker. He is one of those people who enjoys their work and does what makes them happy. James wears many hats. He is an attorney who spends his days off as a paramedic. He has an energy about him that makes him so special and unique. He truly enjoys every moment life has to offer.

James is an outdoorsman who loves sports and CrossFit. In his spare time, he enjoys traveling and spending time with our dogs. He is a great navigator and leads the way to fun adventures while on vacation. James loves being around his family and friends. He enjoys reading and doing crossword puzzles. He is very sociable and gets along with everyone.

James is an amazing father. He shares all his hobbies with his son. It really is amazing to watch their bond. His daughter adores him and they love being together. Expanding our family and bringing another child into our lives and our love is going to be the greatest adventure of all.

Gabriella and James

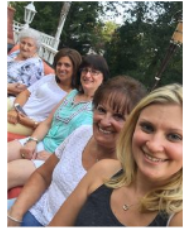

Gabriella and James bring such joy to our lives. They are fun, loving and we look forward to spending time with them. Gabriella is smart and outgoing. She is 27 years old and has accomplished so much in such a small amount of time. James is 22 and he is so genuine. They both are amazing children and will be excellent role models for their younger sibling!

Robin's Family...

I am so lucky to have had two parents that showed me the true meaning of love and family. My parents, Milena and John, were married for 29 years before my dad passed away. My mom is nurturing and traditional. She appreciates being with her family and making memories. She is retired and loves spending time with her grandchildren. I am so excited for her to watch me become a mother. She will love this baby beyond compare.

My sister, Christina, is my best friend. She is married to Salvatore and together they have two children, Joshua, 15 and Olivia, 13. We spend holidays and birthdays together and we love to celebrate as much as we can. I know they are all thrilled we are expanding our family!

James's Family...

My parents, Joanne and Jim were always my biggest supporters. Unfortunately, my dad passed away and we miss him every day. My mom is kind-hearted and family oriented. She adores her grandchildren and enjoys going to recitals and baseball games. She is the center of our family and she is so excited to welcome another grandchild.

My brother, Felix, is the life of the party! He is so much fun to be around and makes every special occasion fun and exciting. He has three beautiful children, Michael, 22, Patrick, 19, and Ryan 15. The boys are very close to my two children and I know they will have so much fun teaching a baby how to learn, play and have fun. Our family is very tight-knit and we are looking forward to the exciting times to come!

We hope that in reading this letter and looking at the special times that we have shared, that you have some sense of who we are, and what a wonderful relationship we have. We know that if we are fortunate to adopt, we will love this baby unconditionally.

We live in a wonderful community and have a lot of children in our neighborhood. The schools are excellent and there are many local parks for children to enjoy. Our family and friends live nearby and they are all looking forward to being an additional support system.

It is our intention to express to you that our marriage is based on trust, love, support, encouragement, and honesty. Our family will grow with these same values. We are excited about this new phase in our journey together and look forward to bringing another child into our home. We are honored to be considered as adoptive parents and would love the opportunity to meet with you.

Warmest regards,
Robin and James
