Our Story

We met through a mutual friend in 2011 at a Minnesota Twins game. Soon after, Andy called Margaret and we had our first date – dinner at a French bistro! We realized how many shared interests we had (see side bar) and, about a year after we met, we got engaged at an outdoor concert. We were married in 2013 and had our big, casual reception at a barn in the country complete with a pig roast!

Now we are continuing our adventures in Plymouth, Michigan. Our goals are to always try to be the best person we can be for the other – supportive, caring, kind.

What Brought Us to Adoption

We are so blessed to have found each other and would like to be able to share our joy and love with a child. Unfortunately, we have gone through miscarriages and fertility treatments. Through it all – tears, prayers, and smiles – we have found our path to be adoptive parents.

Our Hopes, Open Adoption & Relationship with Birth Family

We want to keep a special place in our child's life for his or her birth parents! We will keep an open and honest relationship with the birth family and would like our adopted child to know them and their love. We hope there will be open communication and regular in-person visits with the birth parents.

What that will look like will most likely change from year to year, but we are willing to work out the details with the birth parents as we go along. We are hopeful that we may consider them a part of our extended family.

These individuals have met all requirements of the State of Michigan and Catholic Social Services of Washtenaw County to become adoptive parents, may fit your situation and are waiting to welcome a child into their home. If you would like more information about this family, please contact:
